For employees

Bloodborne Pathogen Exposure Program

1. Clean it.

2. Get treated. Call the 24-hour HealthPartners CareLine at 612-339-3663 if you don’t know where to go.

3. Identify the source patient.

5. Get a follow-up exam. After you complete the E-FROI, HealthPartners Occupational & Environmental Medicine will follow up with you.

Protect yourself from needlestick injuries.

- Plan for safe handling and disposal before using needles.
- Promptly dispose of needles in sharps disposal containers.
- Complete annual bloodborne pathogen training.
- Get a hepatitis B vaccination.

Report all sharps-related injuries at https://webapps-prd.oit.umn.edu/froi/ to ensure appropriate follow-up care and to be eligible for Workers Compensation coverage.

For BBPE program information, contact the Office of Occupational Health and Safety at uohs@umn.edu.
