Pop-Up Blockers: Disabling

Pop-up blockers must be disabled for ULearn to function properly. To allow pop-up windows in ULearn, follow the instructions below.

**CHROME**

1. Click the Chrome menu button on the far right of the browser toolbar.
2. Click <Settings>. This will open a new tab.
3. Scroll down and click <Show advanced settings...>.
4. In the “Privacy” section, click <Content settings...>.
5. In the “Pop-ups” section, select “Allow all sites to show pop-ups.”
   a. To customize permissions for specific websites, click <Manage exceptions...>.
   b. In the “Pop-up exceptions” window, type “umn.csod.com” (without quotation marks) then click <Done>.
6. In the “Content settings” window, click <Done>.
1. Click the Internet Options icon on the far right of the browser toolbar. Select “Internet Options.”

2. On the Privacy tab, under “Pop-up Blocker,” click <Settings>.

3. In the Pop-up Blocker Settings window, type “umn.csod.com” (without quotation marks) then click <Add>.
Pop-Up Blockers: Disabling (cont.)

4. Click <Close>.

5. Close all Internet Explorer windows to complete the change. Pop-up windows for ULearn will be allowed when you re-open Internet Explorer.

FIREFOX (WINDOWS)

1. Click the Firefox menu button on the far right of the browser toolbar.

2. Click the Options icon.

3. On the Content tab next to “Block pop-up windows,” click <Exceptions...>.

4. Type “umn.csod.com” (without quotation marks) in the Address of website field.
5. Click <Allow>.

6. Click <Close> to return to Content/Options panel.

7. Click <OK> to close Content/Options panel.

SAFARI

1. Select “Preferences...” from the Safari drop-down menu.

2. On the Security tab, verify that “Block pop-up windows” is unchecked.

2. If a check mark appears next to “Block pop-up windows,” click to uncheck it.

3. The example below indicates pop-up windows are not blocked.
